INSTITUTE OF ENGINEERING & MANAGEMENT, KOLKATA
Salt Lake Campus
Under University of Engineering & Management, Kolkata

Degree:BCA, Stream:BCA

Term – II, First Semester Examination, NOVEMBER -2023

Subject Code:BCACC101

Subject Name: Introduction to C Programming

Full Marks:30 Duration:1 Hour

Part - A

Attempt 5 questions

Each question carries 2 Marks (2 X 5)

1.	Define pointer with declaration syntax.	2
	or	
1.	What is & Operator? Explain in context of pointer.	2
2.	What is array? Explain declaration syntax of array.	2
	or	
2.	What is partial initialization of array?	2
3.	What is structure? Write the declaration syntax of structure.	2
	or	
3.	What is union? Write the declaration syntax of union.	2
4.	Write the advantages of using user defined functions.	2
	or	
4.	Write some names of built in functions in C programming.	2
5.	Discuss the difference between i++ and ++i	2
	or	
5.	Discuss conditional operator present in C	2

Part - B

Attempt 2 questions

Each question carries 5 Marks (5 X 2)

6. Explain the advantages of array. Draw the memory diagram of array. 5

or

6. What are user defined data types? How it is achievable in C? 5

7. Develop an application to swap two numbers using user defined function. 5

or

7. Create a C based application to store 10 integer in array and display sum of all array elements present in that array. 5

Part - C

Attempt 1 question

Each question carries 10 Marks (10 X 1)

8. Design a C program to store 10 integers in array and find out an element from that array. Assume all array elements are unique. 10

or

8. Develop a C based application to demonstrate how structure members can be initialize and display their values through structure type variable. 10
