INSTITUTE OF ENGINEERING & MANAGEMENT, KOLKATA
(School of University of Engineering and Management, Kolkata)

Degree: BCA, Stream: BCA

End Semester Examination 2025, First Semester Examination,

November- December- 2025

Subject Code: BCAGS181

Subject Name: Competitive Aptitude Training - I

Full Marks: 100 **Set No: 1** **Duration: 3 Hours**

Part – A: MCQ
Attempt any 60 questions
Each question carries 1 Mark (1 × 60)
Need to show the trick of attempted question

Direction (Q.1 – Q.15): Read the following sentences, identify the part with an error, and explain the same.

1. All his sisters-in-law is (A) / wonderful to (B) / look at. (C) / No Error (D) 1
   A.A
   B.B
   C.C
   D.D

2. Women after women (A) / spoke against (B) / the practice of dowry. (C) / No Error (D) 1
   A.A
   B.B
   C.C
   D.D

3. The police (A) / is becoming (B) / more and more inactive. (C) / No Error (D) 1
   A.A
   B.B
   C.C
   D.D

4. I don't think (A) / it is your house. (B) / It is somebody's else (C) / No error (D) 1

A.A
B.B
C.C
D.D

5. The building's roof (A) / may collapse (B) / and create a disaster. (C) / No error (D) 1

A.A
B.B
C.C
D.D

6. I, you and he (A) / must attend the seminar (B) / on career guidance. (C) / No Error (D) 1

A.A
B.B
C.C
D.D

7. Neither the teacher(A) / nor the students (B) / was in their class. (C) / No Error (D) 1

A.A
B.B
C.C
D.D

8. One should (A) /do your duty(B) / honestly and sincerely. (C) /No error (D) 1

A.A
B.B
C.C
D.D

9. The Party Chief and the Chief Minister (A) / expressed his views (B) / on demonetization in India. (C) / No Error (D) 1

A.A
B.B
C.C
D.D

10. Neither of the boys (A)/ has (B)/ submitted their records. (C)/ No Error (D).
    A.A
    B.B
    C.C
    D.D

11. The Department assured us that (A) / a series of seminars (B) / were to be arranged.(C) / No Error (D) 1
    A.A
    B.B
    C.C
    D.D

12. A great many (A) / students has been declared (B)/ successful. (C) / No Error (D) 1
    A.A
    B.B
    C.C
    D.D

13. The United States (A) / of America are the richest (B) / country in the world. (C) / No Error (D) 1
    A.A
    B.B
    C.C
    D.D

14. Not only the principal (A) / but also the students (B) / was laughing. (C) / No Error (D) 1
    A.A
    B.B
    C.C
    D.D

15. The Manager says that (A) / there is many important details (B) / to attend before this gets launched. (C) / No Error (D) 1
    A.A
    B.B

C.C
D.D

Direction (Q.16- Q.18): In the following questions choose the word that best expresses the SAME meaning of the given word.

16. **FAKE** 1
A. Original
B. Imitation
C. Trustworthy
D. Loyal

17. **TIMID** 1
A. Fast
B. Slow
C. Medium
D. Shy

18. **SHALLOW** 1
A. Artificial
B. Superficial
C. Foolish
D. Worthless

Direction (Q.19- Q.20): In the following questions choose the word which best expresses the OPPOSITE meaning of the given word.

19. **BALANCE** 1
A. Inbalance
B. Misbalance
C. Debalance
D. Imbalance

20. **SYNTHETIC** 1
A. Affable
B. Natural
C. Plastic
D. Cosmetic

21. **Solve:** $1397 \times 1397 = ?$ 1

A.1951609
B.1981709
C.18362619
D.2031719

22. **Solve:** 3 + 33 + 333 + 3.33 = ? 1
A.362.3
B.372.33
C.702.33
D.702

23. **Solve:** 106 × 106 - 94 × 94 = ? 1
A.2400
B.2000
C.1904
D.1906

24. **Solve:** (0.03 × 0.04) + (0.003 × 0.05) + (0.2 × 0.06) – (0.003 × 0.08) = ? 1
A. 0.013
B. 0.432
C. 0.015
D. 0.021

25. If one-third of one-fourth of a number is 15, then three-tenth of that number is: 1
A.35
B.36
C.45
D.54

26. What is the ratio whose terms differ by 40 and the measure of which is 2/7? 1
A. 12 : 56
B. 16 : 56
C. 23 : 58
D. None of these

27. What must be added to each term of the ratio 2 : 5 so that it may equal to 5 : 6 ? 1
A. 65

B. 78
C. 13
D. 12

28. The prices of a school bag and a shoe are in the ratio 7: 5. The price of a school bag is Rs. 200 more than the price of a shoe. Then the price of a shoe is: 1
A. Rs. 200
B. Rs. 700
C. Rs. 500
D. Rs. 1.200

29. Ram is 40 years old and Ritu is 60 years old. How many years ago was the ratio of their ages 3: 5? 1
A. 10 years
B. 20 years
C. 37 years
D. 5 years

30. Two numbers are respectively 10% and 20% more than a third number. The ratio of the two numbers is: 1
A. 2 : 5
B. 3 : 5
C. 4 : 5
D. None of the given options.

31. If 20% of a = b, then b% of 20 is the same as: 1
A.4% of a
B.5% of a
C.20% of a
D.None of these

32. The population of a town increased from 1,75,000 to 2,62,500 in a decade. The average percent increase in population per year is: 1
A.4.37%
B.5%
C.6%
D.8.75%

33. Aditya's salary is 80% of Amit's salary and 120% of Rajiv's salary. What is Amit's salary if Rajiv's salary is 30,000? 1

A. 40000
B. 45000
C. 50000
D. 55000

34. In a class, 60% of the students pass in Hindi, and 45% pass in Sanskrit. If 25% of them pass in both subjects, what percentage of the student fails in both subjects? 1

A. 80%
B. 20%
C. 25%
D. 75%

35. 50% of a = b, then b% of 40 is the same as _____ of a. 1

A. 0.25
B. 0.16
C. 2
D. 0 .2

Direction: Study the following information carefully and answer the question based on it.

36. L, M, N, O, P, Q, and R are seven members of the same family. L is the husband of N who is the daughter of R. R is the wife of M. O and P are grandchildren of M. L and N have only two daughters and no son. Q is the brother of N. 1
Who are the female members of the family?

A. M,O,P
B. R,N,O,P
C. R,Q,O,P
D. L,Q,O,P

Direction (Q.37-Q.38): Study the following information carefully and answer the questions based on it

P is the father of Q who is not his daughter. R is the daughter of Q. S is the sister of Q. T is the son of S. Q is spouse of G. S is married to N.

37. How is T related to P? 1

A. Grandmother
B. Grandfather
C. Granddaughter
D. Grandson

38. How is G related to S? 1
A. Wife
B. Husband
C. Sister
D. Sister-in-Law

Direction (Q.39-Q.40): Study the following information carefully and answer the questions based on it

There are only 6 persons — Pradeep, Qamrun, Rahul, Saroj, Tania, and Umesh in the family. There are two married couples and three generations. Pradeep is the father of Tania. Umesh is the father of Saroj. Rahul is the brother of Saroj, who is female. Qamrun is the daughter-in-law of Tania.

39. How is Qamrun related to Saroj? 1
A. Daughter
B. Mother
C. Sister-in-Law
D. Sister

40. Who is the father-in-law of Qamrun? 1
A. Pradeep
B. Rahul
C. Umesh
D. None of these

Direction (Q.41-Q.42): Study the following information carefully and answer the questions based on it

K is the daughter-in-law of H. M and P are siblings. D is the sister of C. F is the brother of I. F has only one son. H is the wife of F. H is the daughter of D. J does not have any siblings. C is the brother-in-law of J. D is the grandmother of M, who is a married male. R is the sister-in-law of D.

41. Who is the mother of P? 1
A.D
B.I
C.H
D.R

42. Find the odd one? 1
A. J,D
B. R,C
C. F,H
D. F,I

Direction (Q.43-Q.44): Study the following information and answer the questions below:

M#N means M is the mother of N
M*N means M is the daughter of N
M&N means M is the brother of N
M$N means M is the son of N

43. A*B&C#D indicates what relation of A with D? 1
    A. Brother
    B. Nephew
    C. Niece
    D. Cousin

44. If A$B*C#D then how is D related to C? 1
    A. Daughter
    B. Brother
    C. Sister
    D. Cannot be determined

Direction (Q.45): Study the following information carefully and answer the question based on it.

45. In a family there are 10 persons A, B, C, P, Q, R, T, K, X, and G. There is an equal number of male and female members in the family. P is the father of A and B. Q is the mother-in-law of C who is the husband of B. T who is married to X is the mother of R, K, and C. C is the only son of X. G is the nephew of A. How is T related to G? 1
    A. Grandfather
    B. Grandson
    C. Aunt
    D. Grandmother

46. Y is in the East of X which is in the North of Z. If P is in the South of Z, then in which direction of Y, is P? 1
    A. North
    B. South
    C. South-East
    D. None of these

47. A man walks 5 km toward the south and then turns to the right. After walking 3 km he turns to the left and walks 5 km. Now in which direction is he from the starting place? 1

A. West
B. South
C. North-East
D. South-West

48. City D is to the West of City M. City R is to the South of City D. If City K is to the East to City R, then in which direction is City K located in respect of City D? 1
A. North
B. East
C. North - East
D. South - East

49. **In this series, look at the letter pattern and fill in the blank in the middle of the series:** 1
SCD, TEF, UGH, ____, WKL
A.CMN
B.UJI
C.VIJ
D.IJT

50. **Look at this series**: 7, 10, 8, 11, 9, 12, ... What number should come next? 1
A.7
B.10
C.12
D.13

51. Pointing to a photograph of a boy Suresh said, "He is the son of the only son of my mother." How is Suresh related to that boy? 1
A. Brother
B. Uncle
C. Cousin
D. Father

52. If A is the brother of B; B is the sister of C, and C is the father of D, how D is related to A? 1
A. Brother
B. Sister
C. Nephew
D. Cannot be determined

53. In a certain code, 'CLOCK' is written as 'XOLXP'. How will 'LOTUS' be written in that same code? 1

A. OLGFH
B. LOGFH
C. OLGHF
D. OGLFH

54. If in a certain code language 'TIGER' is written as 'GRTVI', then what word will be written for 'HMZPV'? 1

A. GREAT
B. TRACK
C. SNAKE
D. PLATE

55. Introducing a boy, a girl said, "He is the son of the daughter of the father of my uncle." How is the boy related to the girl? 1

A. Brother
B. Nephew
C. Uncle
D. Son-in-law

Directions (Q. 56 - Q. 60): Following table shows the marks scored by seven students in six different subjects.

Subjects → / Full marks → / Students ↓	Hindi (80) Marks obtained	Eng (80) Marks obtained	Maths (100) Marks obtained	Phy (40) Marks obtained	Chem (40) Marks obtained	Bio (40) Marks obtained
P	44	65	87	36	30	24
Q	51	48	93	28	27	31
R	62	57	74	32	28	32
S	65	55	67	21	25	28
T	54	64	69	27	24	27
U	48	60	78	35	32	30
V	55	70	81	30	28	33

56. What is the percentage difference between the marks scored by student 'V in Hindi and student 'S' in Chemistry? 1

A. 5.75%
B. 6.25%
C. 6.75%
D. 7.25%

57. What is the average of marks obtained by all students in English? (Answer in approximate value) 1

A. 57
B. 55
C. 60
D. 64

58. In how many subjects did student 'Q' get more than 65% marks? 1

A. one
B. two
C. four
D. None of these

59. What is the difference between the percentage of marks obtained by student 'R' in Hindi and Physics together and the percentage of marks obtained by student 'Q' in English and Chemistry together? 1

A. 11.4%
B. 15.8%
C. 12.6%
D. 17.5%

60. What is the overall percentage of marks scored by student 'V in all subjects together? (Answer in approximate value) 1

A. 68%
B. 73%
C. 75%
D. 78%

Directions (Q. 61- Q.65): Study the table carefully to answer the questions that follow: Candidates who appeared and passed the test from four schools in six different years.

Year	School							
	A		B		C		D	
	Appeared	Passed	Appeared	Passed	Appeared	Passed	Appeared	Passed
2004	124	78	445	354	454	343	546	345
2005	234	124	545	435	732	567	565	456
2006	456	235	664	454	693	456	235	112
2007	398	156	345	144	645	545	546	234
2008	546	346	584	354	354	258	656	564
2009	547	435	704	347	578	313	456	252

61. What was the total number of failed candidates from school-C in the year 2008 and the number of candidates who appeared in the exam from school-D in the year 2006? 1

A. 331
B. 325
C. 322
D. None of these

62. In which year was the difference between the number of candidates who appeared and passed in the exam from school-B second lowest? 1

A. 2004
B. 2005
C. 2006
D. None of these

63. What was the respective ratio between the number of candidates who appeared from school-C in the year 2006 and the number of candidates who passed in the exam from school-D in the year 2009? 1

A. 11 : 4
B. 11 : 5
C. 5 : 11
D. None of these

64. Number of candidates who passed in the exam from school B in the year 2005 was approximately what percent of number of candidates who appeared from school-A in the year 2008? 1

A. 76
B. 84
C. 80
D. None of these

65. What was the approximate percent increase in the number of candidates who passed in the exam from school-A in the year 2009 as compared to the previous year? 1

A. 22
B. 39
C. 26
D. None of these

Directions (Q. 66- Q.70): Study the following table carefully to answer the questions that follow.

The amount earned (in lacs) by five persons in six different years

Year	Person				
	A	B	C	D	E
2005	2.24	4.33	5.64	3.73	1.69
2006	1.44	3.34	6.93	5.52	5.52
2007	4.63	2.79	7.52	5.68	4.28
2008	6.65	6.63	5.83	6.74	6.83
2009	5.34	4.5	5.94	8.42	5.53
2010	7.38	5.36	7.84	9.45	9.94

66. What was the average of the earning of Person-B in the year 2006, that of person C in the year 2008 and that of E in the year 2005 together? 1

A.3.62 lac
B.2.64 lac
C.3.64 lac
D. None of these

67. What was the respective ratio between the amount earned by Person-B in the year 2007 and Person-D in the year 2010? 1

A. 32 : 107
B. 31 : 105
C. 29 : 107
D. None of these

68. What is the approximate percent increase in the amount earned by Person-D in the year 2010 as compared to the previous year? 1

A.7
B.21
C.12
D. None of these

69. Whose earnings increased consistently from the year 2005 to the year 2010? 1

A. B
B. C
C. D

D. None of these

70. Total amount earned by Person-A in the year 2006 and Person-C in the year 2010 together was approximately what percent of the amount earned by Person-E in the year 2009? 1

A. 151
B. 155
C. 168
D. None of these

Part – B: Descriptive
Attempt any 2 questions
Each question carries 10 Marks (10 × 2)

71. Write a letter to your cousin congratulating him/her on his/her success in the class 12 board exam. 10

72. Write a letter to your friend inviting him to spend the winter vacation at your place in Kolkata. 10

73. Write a letter to a friend, discussing your thoughts on a recent movie or TV series that you have watched. 10

Part – C: Comprehension
Passage-I
Attempt 5 questions
Each question carries 2 Marks (2 × 5)

Direction (Q. 74- Q. 78): Read the passage and answer the questions given below:

In the 16th century, an age of great marine and terrestrial exploration, Ferdinand Magellan led the first expedition to sail around the world. As a young Portuguese noble, he served the king of Portugal, but he became involved in political issues at court and lost the king's favor. After he was dismissed from service by the king of Portugal, he offered to serve the future Emperor Charles V of Spain.

A papal decree of 1493 had assigned all land in the New World west of 50 degrees W longitude to Spain and all the land east of that line to Portugal. Magellan offered to prove that the East Indies fell under Spanish authority. On September 20, 1519, Magellan set sail from Spain with five ships. More than a year later, one of these ships was exploring the

topography of South America in search of a water route across the continent. This ship sank, but the remaining four ships searched along the southern peninsula of South America. Finally, they found the passage they sought near 50 degrees S latitude. Magellan named this passage the Strait of All Saints, but today it is known as the Strait of Magellan.

One ship deserted while in this passage and returned to Spain, so fewer sailors were privileged to gaze at that first panorama of the Pacific Ocean. Those who remained crossed the meridian now known as the International Date Line in the early spring of 1521 after 98 days on the Pacific Ocean. During those long days at sea, many of Magellan's men died of starvation and disease.

Later, Magellan became involved in a conflict in the Philippines and was killed in a tribal battle. Only one ship and 17 sailors under the command of the Basque navigator Elcano survived to complete the westward journey to Spain and thus prove once and for all that the world is round, with no precipice at the edge.

74. Who was Ferdinand Magellan? 2

75. What was mentioned in the papal decree of 1493? 2

76. What is the Strait of Magellan? 2

77. What had happened to Magellan's sailors who were stranded in the sea? 2

78. From this passage, what do you learn about Elcano? 2

Passage-II
Attempt 5 question
Each question carries 2 Marks (2 × 5)

Direction (Q. 79- Q. 83): Read the passage and answer the questions given below:

Mike and Morris lived in the same village. While Morris owned the largest jewellery shop in the village, Mike was a poor farmer. Both had large families with many sons, daughters-in-law, and grandchildren. One fine day, Mike, tired of not being able to feed his family, decided to leave the village and move to the city where he was certain to earn enough to feed everyone. Along with his family, he left the village for the city. At night, they stopped under a large tree. There was a stream running nearby where they could freshen up themselves. He told his sons to clear the area below the tree, he told his wife to fetch water and he instructed his daughters-in-law to make up the fire and started cutting wood from the tree himself.

They didn't know that in the branches of the tree, there was a thief hiding. He watched as Mike's family worked together and also noticed that they had nothing to cook. Mike's wife also thought the same and asked her husband " Everything is ready but what shall we eat?", Mike raised his hands to heaven and said " Don't worry. He is watching all of this from above. He will help us." The thief got worried as he had seen that the family was large and worked well together. Taking advantage of the fact that they did not know he was hiding in the branches, he decided to make a quick escape. He climbed down safely when they were not looking and ran for his life. But, he left behind the bundle of stolen jewels and money which dropped into Mike's lap. Mike opened it and jumped with joy when he saw the contents. The family gathered all their belongings and returned to the village. There was great excitement when they told everyone how they got rich. Morris thought that the tree was miraculous and this was a nice and quick way to earn some money. He ordered his family to pack some clothes and they set off as if on a journey.

They also stopped under the same tree and Morris started commanding everyone as Mike had done. But no one in his family was willing to obey his orders. Being a rich family, they were used to having servants all around. So, the one who went to the river to fetch water enjoyed a nice bath. The one who went to get wood for fire went off to sleep. Morris's wife said " Everything is ready but what shall we eat ?" Morris raised his hands and said, " Don't worry. He is watching all of this from above. He will help us." As soon as he finished saying, the thief jumped down from the tree with a knife in hand. Seeing him, everyone started running around to save their lives. The thief stole everything they had and Morris and his family had to return to the village empty-handed, having lost all their valuables that they had taken with them.

79. Why did Mike and his family decide to rest under the thief's tree? 2

80. What did Mike mean when he said "He is watching all this from above"? 2

81. How did Mike and his family become rich? 2

82. Why did Morris and his family return to the village empty-handed? 2

83. What is the difference between the families of Mike and Morris? 2

BLANK PAGE LEFT INTENTIONALLY
