INSTITUTE OF ENGINEERING & MANAGEMENT, KOLKATA

SALTLAKE

(School of University of Engineering and Management, Kolkata)

Degree: BCA, Stream: BCA

Term – I, Second Semester Examination, February – 2026

Subject Code: BCAMD201

Subject Name: Mathematics for Computing

Full Marks: 30 Set No:2 Duration: 1 Hour

Part – A
Answer any 5 questions out of 6
Each question carries 2 marks (2 × 5)

1. If the A.M of 7, x-2, 10, x+3 is 9, then find the value of x. 2
2. Find the median of the following distribution: 4,5,3,7,21,12 2
3. Find the GM of 88,72,33,29. 2
4. Find the HM of the frequency distribution: 2

X:	1	2	3	4	5	6	7
F(x):	1	4	12	9	2	1	1

5. The A.M of 20 data is calculated to be 89.4. Later the data 78 is replaced by 87. Find the A.M of the data after replacement. 2
6. Find the mode of the frequency distribution: 2

x :	0	1	2	3	4
f(x) :	23	24	21	24	20

Part – B
Answer any 2 questions out of 3
Each question carries 5 marks (5 × 2)

7. Represent the information contained in the following table by component bar chart: 5

Items of expense:	Food	Clothing	Education	House rent	Mise
Family A:	200	48	32	40	80
Family B:	300	75	40	75	110

8. Find the Median from the following grouped frequency distribution: 5

Class interval:	130-134	135-139	140-144	145-149	150-154	155-159	160-164
Frequency:	5	15	28	24	17	10	1

9. Draw Histogram representing the following data: 5

Marks obtained in Mathematics by candidates is given by the following frequency distribution :

Marks:	20-25	25-35	35-45	45-60	60-70	70-75	75-80
No of students:	4	16	18	15	12	5	6

Part – C
Answer any 1 question out of 2
Each question carries 10 marks (10 × 1)

10. Calculate mean, median and hence find the approximate value of the mode from the following frequency distributions: 10

Height(inches):	60-63	64-67	68-71	72-75	76-79	80-83
No. of Students:	8	3	18	6	16	8

11. Draw the Ogive(less than and more than type) for the following distribution: 10

Value	No of observations
More than 200	400
More than 250	370
More than 300	315
More than 350	220
More than 400	115
More than 500	45
More than 600	15

--- END ---
